

CV | Walter Wehrli

Fund manager of the NESTOR Gold

Walter Wehrli has over 30 years' experience of the world of international finance, and has been managing NESTOR Gold since its inception in 2002.

Wehrli's career started in 1983, when he joined Banque Louis Dreyfus, trading derivatives and securities. He moved to UBS in 1992, at first occupying a variety of positions in asset management and investment banking before becoming Deputy Head of the Emerging Markets team in 1994, remaining there until 1998. During this period, he also carried out cross-boarder analyses on steel, coal and gold, and took on his first portfolios - a South African equity fund and the UBS Gold fund.

In 1999, he and Marc Gugerli set up their own firm. He is a recognised gold expert and advises well-known investment companies and asset managers. As well as NESTOR's gold fund, the team looks after the Gold2000 Fund and the Julius Baer Multipartner - Gold Equity Fund. Further he was Sub-Advisor of the LODH World Gold Expertise Fund from 2003 to 2011.

The NESTOR Gold has received many awards for its performance. Sauren Fonds-Research AG, for example, has honoured Walter Wehrli's achievements with two gold medals, most recently at the Golden Awards 2013.
